MAYOR ORDERS THE UNDESIRABLE OLD MEXICO MEXICANS TO MOVE ALONG

Attempt to Murder Otto P. Scheer, Son of Alderman Scheer, Saturday Night, Causes Issuance of Regulation.

POLICE WILL ACTIVELY CARRY OUT INSTRUCTIONS

Following the attempt Saturday night of an Old Mexico Mexican to murder Otto P. Scheer, in the George C. Scheer furniture store, at 314 South Second street, Mayor D. K. H. Sellers today issued orders to the police department to notify every Old Mexico Mexican in Albuquerque without visible means of support to leave the city at once and not to return and to limit that transient Old Mexico Mexicans arriving here be told to keep moving. Failure to comply with the "move on" orders will result in arrests and jail sentences.

The order of the mayor came today after thoroughly considering the advisability of such action and following a conference with Chief of Police McMillin and a personal investigation into the attack on young Scheer Saturday evening. The attack occurred shortly after 8 o'clock. Young Scheer was in the store alone. An Old Mexico Mexican entered, asked to be shown goods, and his request was complied with. Scheer showed the man about the place. Finally the Mexican decided to make some purchases and asked for a receipt for his money. In handing over a check to write out a receipt, Scheer saw of the wall in front of him the shadow of an uplifted hand, holding a dagger. Turning like a flash, Scheer saw the knife descending, aimed directly at a vital part of his body. Jumping away from danger Scheer grabbed an ink well and threw it at the Mexican, who by this time was making for the door. Thinking his near victim had a real chance, there is no doubt but that the Mexican meant to murder Scheer and rob the store. The safe containing the receipts of the day's business was unlocked in the office. The police were notified immediately regarding the attempted murder, and a search was at once begun for Scheer's assailant.

"It is not the intention to deprive well advanced Old Mexico Mexicans of rights of residence in Albuquerque," said Mayor Sellers today, explaining his order. "But it is the purpose to protect the people of this city against the Old Mexico Mexicans who come in here, loiter about saloons and around the streets and who nine times out of ten have weapons concealed about their persons and do not hesitate to use a knife or a gun if they have the opportunity. The police department will arrest the Old Mexico Mexicans who arrive here in our load shipments, on their way to and from Old Mexico, remain on the cars at the railway station. If they get off the cars we will have them searched and every man found with a weapon will be given a jail sentence."

That's what I gather from readin' the papers.
